DETAILED ACTION
REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The outstanding double patenting rejections are withdrawn. Specifically, claim 97 of copending 10/622,905 has been cancelled, thus rendering the rejection over that application moot. Also, with regard to any outstanding double patenting issue regarding the instant formulation claims and the product claims of 10/746,697, the examiner notes that the instant case was earlier filed, and any obvious-type double patenting rejection would be the sole issue, see MPEP 804 ("The "provisional" double patenting rejection should continue to be made by the examiner in each application as long as there are conflicting claims in more than one application unless that "provisional" double patenting rejection is the only rejection remaining in at least one of the applications.").

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
